The proposed increase in freight traffic will significantly damage our public space and quality of life. This level of traffic poses a danger to our school buses, drivers, pedestrians & ambulances. It will choke traffic & fill our downtown. The noise from the engines & horns will be intolerable.

It is unconscionable for CN to disrupt our school schedules and create gridlock in the main arteries of our village for profit.

I strongly oppose this proposed acquisition. These tracks are less than a mile from our high school & travel through downtown. Displacement of hazardous materials would cause a disaster.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago. \
